“By using disability as a lens through which to explore the ramifications of traditional understandings of atonement, McLachlan made me realize that I have often struggled with the ways that sin is so awkwardly and unfairly used as a reason for disability. Seeing atonement as God’s deepest participation in the contingencies of creation indeed gives me new and solid ground on which to stand, as I believe it will for many others.”

—BILL GAVENTA

author of *Disability and Spirituality: Recovering Wholeness* and Founder and Director Emeritus, Institute on Theology and Disability
