Revd Andy Hughes (with effect from 1 November 2022)

INTRODUCTION AND CONTENTS

The Trustees of the Retired Baptist Ministers Housing Organisation ("the Charity") present their Annual Report together with the audited financial statements for the year ended 31 December 2022 which comply with the Charities Act 2022 and Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102).

Charity Number: 1177649

The Annual Report and Financial Statements are structured as follows:

	Section	Page Reference
1	Introduction and Contents	1
2	Report of the Trustees:	2
	Objectives and Activities	2
	Achievements and Performance	2
	Financial Review	3
	Plans for Future Periods	4
	Structure, Governance and Management	5
	Statement of Trustees' Responsibilities	5
3	Report of the Independent Auditors	6 – 8
4	Statement of Financial Activities	9
5	Balance Sheet	10
6	Statement of Cashflows	11
7	Notes to the Financial Statements	12 – 18

1. OBJECTIVES AND ACTIVITIES

The objects of the Retired Baptist Ministers Housing Organisation (RBMHO, the Charity) are, for the public benefit:

Charity Number: 1177649

- The prevention or relief of poverty of retired Baptist ministers, retired Baptist missionaries and their spouses, who are in necessitous circumstances, as the charity trustees shall from time to time determine;
- To advance the Christian faith for the public benefit in accordance with the statement of belief of the Baptist denomination;

Since 1975, the Charity and its predecessor entity the Retired Baptist Ministers Housing Society (RBMHS) has sought to provide good-quality, safe, secure and well-maintained homes to those who reached retirement and who had no means of providing a home for themselves and their family.

The Charity aims to support all applicants for housing who meet its normal qualifying criteria

- Retired Baptist ministers who have served as a Baptist minister accredited by the Baptist Union of Great Britain (BUGB) for at least 15 years
- Retired Baptist ministers who have served as minister of a church in membership of the Baptist Union of Great Britain for at least 18 years
- Retired Baptist Missionaries who have served BMS World Mission primarily outside the UK for at least 15 years
- The surviving spouses of qualifying retired ministers or those who died in active ministry

The Charity also considers applications for support that fall outside of its normal criteria but are deserving of support in the view of the Trustees.

The Charity works in partnership with the Heart of England Baptist Association and BMS World Mission all of whom have provided properties which the Charity is pleased to manage on their behalf.

No changes to the activities of Charity are planned in the coming year.

2. ACHIEVEMENTS AND PERFORMANCE

The Charity is pleased to record that it was able to provide homes for 8 of the ministers who made applications to RBMHO. The remaining applicants have delayed their retirements to 2023 or later. In addition, 5 tenants were relocated to properties more suited to their needs. During the year the Charity acquired 15 properties and disposed of 12. The Charity's stock of properties increased from 261 to 263. At the end of the period, the Charity was providing homes for 423 (2021: 425) retired ministers and family members. It seeks to maintain its properties to a high standard and offers pastoral support to its tenants as far as it is able.

In doing all this, the Charity recognises that it is due, in no small measure, to those individuals, ministers, organisations and churches who have supported and continue to support its continuing work either by prayers, publicity, visits or donations.

During the year, the Charity completed a programme of condition surveys of the Charity's properties with Berry's Chartered Surveyors to ensure that they are in good repair and provide good-quality accommodation for beneficiaries. The surveys were undertaken on the properties the Organisation has owned for more than 5 years.

3. FINANCIAL REVIEW

The results of the Charity for the year are set out in the accompanying financial statements.

During the reporting period, the minimum monthly rent (July 22-Jun 23) was increased to £192.50 (2021: £187.50), and the maximum purchase value per property increased to £225,000 (2021: £215,000).

Charity Number: 1177649

As shown on the Statement of Financial Activities the surplus for the year of £1,695,844 (2021: £2,693,261) has been transferred to reserves, giving total funds carried forward of £38,884,803 (2021: £37,188,959).

Excluding the Family Solution (see below), Income in the year decreased to £1,180,464 (2021: £1,519,281), a decrease of 22.3%. This was primarily due to a significant decrease in Legacy income to £96,608 (2021: £784,351). Rent income increased to £667,935 (2021: £658,042) an increase of 1.5%.

Donations included an exceptional donation of a property from Maybee Trust.

Direct unrestricted costs increased to £715,693 (2021: £624,289) an increase of 15%, driven by an increase in electrical inspections and property repair costs. Support costs increased to £15,580 (2021: £12,030) following a decrease in audit fees but an increase in legal and professional fees.

The operating surplus for the year was £449,183 (2021: £882,963), on top of which the Charity made gains on disposal of fixed assets of £1,249,978 (2021: £1,807,509).

The properties have been included in the financial statements at cost. The Trustees consider that the aggregate value of the properties is not below carrying value.

Family Solution

Since 2018, the Charity has supported the Baptist denomination by participating in the Family Solution to the Baptist Pension Scheme. This involved it taking a loan from Baptist Union Corporation (BUC) of £20m secured against a portion of its property assets and then making an unsecured loan to the Baptist Union of Great Britain (BUGB) of £20m. Both loans are on an interest-only payment basis and have the same interest rate, meaning that the interest income and expense offset each other. The loan from BUC is classified as non-current liability as the terms of the loan agreement mean payment can only be requested with 13-months' notice. The loan to BUGB is classified as a mixed-motive investment under FRS102 as the Trustees have made the loan as part of its commitment to the Baptist denomination Family Solution to the Baptist Pension Scheme at a rate more favourable than BUGB could have obtained commercially. To avoid distorting the operating accounts of the charity, the Trustees have created a Family Solution designated fund to hold both the assets and liabilities involved. This fund showed both income and expenditure of £893,151 in 2022 (2021: £621,397), the increase reflecting the change of interest rates by the Baptist Union Corporation Ltd following Bank of England base rates changing.

Fundraising

The Charity receives donations from organisations (mainly Baptist churches) and donations and legacies from individuals. The charity seeks support from donors via its website and advertising in Baptist publications. The charity does not work with any commercial entities for fundraising purposes and does not undertake any direct marketing activities for fundraising purposes. No complaints were received relating to fundraising in the year.

Principal Risks and uncertainties

The Trustees of the Charity have identified the following as the principal risks and uncertainties facing the charity:

Charity Number: 1177649

- A significant and sustained decrease in legacy income. The Charity and its predecessor, RBMHS, have built up the asset base of the Charity largely on the basis of the generous gifts left through legacies averaging more than £500,000 per annum in the last decade. Legacies are by their nature erratic but a sustained reduction in legacy income would present a risk to the ability of the Charity fully to meet the needs of future applicants in the long-term. The trustees also believe the Charity could obtain additional borrowing facilities in the short-term to acquire additional properties. The trustees monitor legacy income carefully and would consider taking steps to bring in increased income from other sources if necessary to sustain the ability of the Charity to meet demand.
- The financial failure of the Baptist Union of Great Britain (BUGB). As the Charity's major debtor, the Charity is dependent upon BUGB to continue to pay interest on the outstanding loan. The Trustees believe that the failure of BUGB would not present any risk to current tenants, but the charity might not be able to meet the needs of future applicants. The Trustees believe the financial failure of BUGB to be a remote possibility but will monitor its financial position and take any action necessary to protect the interests of the Charity and its beneficiaries.

Reserves Policy

The Charity seeks to maintain access to sufficient available cash reserves on hand to enable it to sustain its day-to-day running costs and respond to the needs of future tenants.

The income from Charitable activities relates to rent from beneficiaries which is highly reliable and generates a surplus over the expenditure on charitable activities, which is also highly predictable in nature. The Trustees are therefore satisfied that only a modest level of reserves of 2 months operating costs is required for day-to-day running costs. This equates to approximately £100k.

The more significant area of reserves required is to ensure that properties can be supplied to qualifying applicants to meet their needs in a timely manner. The Charity does not guarantee to all applicants that it will be able to help, but during its history has never failed to do so for those who meet its eligibility criteria. The Trustees believe it prudent to hold reserves for this purpose amounting to four times the maximum purchase price offered to qualifying applicants. This equates to approximately £900k.

This gives a free reserves requirement of £1m. As at 31 December 2022, the Charity had free reserves of £1,728k, a surplus above the minimum requirement of £728k. Should the Trustees see this excess build up substantially, the Trustees anticipate using the surplus to pay down the debts of the Charity.

4. PLANS FOR FUTURE PERIODS

The maximum purchase price has been increased to £240,000 from 1 January 2023 and the minimum rent will be reviewed by 1 July 2023. The Trustees receive applications for housing up to 5 years in advance and currently have 32 applications for the period 2023-2028. The Trustees are confident of resources being able to meet all qualifying applications in this period. Additional work will need to be undertaken on a number of the Organisation's properties as a result of the condition surveys. Changes in legislation will require the energy efficiency levels of a large proportion of the properties to be raised to achieve an EPC of D or even C. In the medium term the Trustees need to consider how our properties will be heated as gas boilers may be phased out.

5. STRUCTURE GOVERNANCE AND MANAGEMENT

The Charity is governed by a constitution based on the Charity Commission's Foundation Model CIO constitution, which was registered on 22nd March 2018.

Charity Number: 1177649

The Charity is managed by a board of up to 15 Trustees. Up to 8 Trustees are appointed by BUGB with up to a further 7 co-opted by the Trustees of the Charity.

The Trustees delegate the running of the Charity on a day-to-day basis to the Manager, Mr Stewart Green, (Retired on 31Decmber 2022) and Secretary and Tenant Relations Manager, the Revd Andy Hughes (appointed 1 November 2022) who had authority to approve standard applications for housing and to approve routine items of expenditure and property repairs. Non-standard applications for housing are referred to the Trustees for consideration.

Induction and Training of Trustees

When new trustees are appointed they are given a briefing by the Manager / Secretary and Tenant Relations Manager and the Chair of Trustees on the workings of the Charity. They are provided with the annual report and papers and minutes of recent meetings. Formal training is provided to trustees as appropriate.

6. STATEMENT OF TRUSTEES' RESPONSIBILITIES

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charities SORP 2015 (FRS 102);
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2022. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. In so far as the Trustees are aware:

- There is no relevant audit information of which the Charity's auditor is unaware;
- The Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The report of the Trustees was approved on 29 March 2023 and signed on its behalf by:

5

Opinion

We have audited the financial statements of Retired Baptist Ministers Housing Organisation for the year ended 31 December 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard Applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2022, and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept adequate accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we required for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 5, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the audit of the financial statements

We have been appointed as auditor under section 1442 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK) we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purposes of expressing an opinion on the
 effectiveness of the charity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based
 on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that
 may cast significant doubt on the charity's ability to continue as a going concern. If we conclude that a
 material uncertainty exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the charity to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

The objectives of our audit in respect of fraud, are; to identify and assess the risks of material misstatement of the financial statements due to fraud; to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud, through designing and implementing appropriate responses to those assessed risks; and to respond appropriately to instances of fraud or suspected fraud identified during the audit. However, the primary responsibility for the prevention and detection of fraud rests with both management and those charged with governance of the charity.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory requirements applicable to the charity and considered that the most significant are the Charities Act 2011, the Charity SORP, and UK financial reporting standards as issued by the Financial Reporting Council
- We obtained an understanding of how the charity complies with these requirements by discussions with management and those charged with governance.
- We assessed the risk of material misstatement of the financial statements, including the risk of material
 misstatement due to fraud and how it might occur, by holding discussions with management and those
 charged with governance.
- We inquired of management and those charged with governance as to any known instances of noncompliance or suspected non-compliance with laws and regulations.
- Based on this understanding, we designed specific appropriate audit procedures to identify instances of non-compliance with laws and regulations. This included making enquiries of management and those charged with governance and obtaining additional corroborative evidence as required.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Chapter 3 of Part 8 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest

extent permitted by law, we do not accept or assume responsibility to any party other than the charity and charity's trustees as a body, for our audit work, for this report, or for the opinion we have formed.

Moore Kingston Smith LLP

Statutory auditor 9 Appold Street London EC2A 2AP Date 3 April 2023

Moore Kingston Smith LLP is eligible to act as auditor in terms of Section 1212 of the Companies Act 2006

1. ACCOUNTING POLICIES

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

(a) Basis of Accounting

The financial statements have been prepared in accordance with the Charities Statement of Recommended Practice (Charities SORP (FRS 102)), Financial Reporting Standard 102 and the Charities Act 2022 The Retired Baptist Ministers Housing Organisation is a registered charity, no. 1177649, and meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

(b) Preparation of the financial statements on a going concern basis

The financial statements are prepared on a going concern basis which assumes that the Charity will continue in operational existence for the foreseeable future. The Directors are aware of the cost of living crisis facing the UK population at this time, but based on robust income and the reserves held by the charity, the trustees have concluded that there is no material uncertainty as to the Charity's ability to meet its liabilities as they fall due. Accordingly the trustees continue to adopt the going concern basis in the preparation of the financial statements.

(c) Funds Accounting

- Unrestricted Funds: General unrestricted funds represent funds which are expendable at the discretion of the Trustees in the furtherance of the objects of the charity and which have not been designated for other purposes. Such funds may be held to finance both working and capital investment.
- Designated Funds: These represent amounts set aside by the Trustees for specific purposes. They may be returned to General Funds at the discretion of the Trustees.
- Restricted Funds: These represent amounts which have been restricted by the donors for use for specific purposes as set out in note 16.

(d) Income

Income is recognised in the Statement of Financial Activities when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that income will be received, and the amount can be measured reliably.

- Donations are accounted for gross when received.
- Legacies are accounted for at the earlier of the Estate accounts being finalised and notified, and cash received.
- Rental income is accounted for on an accruals basis.
- Investment income is accounted for on an accruals basis.

(e) Expenditure

Expenditure is recognised in the Statement of Financial Activities once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required, and the amount of the obligation can be measured reliably.

Charity Number: 1177649

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

(f) Tangible fixed assets

Tangible fixed assets are initially measured at cost, or in respect of assets donated, at valuation at the date of the donation. They are subsequently measured at cost or valuation net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful economic lives.

Depreciation is provided on long leasehold properties over the remaining life of the lease.

Freehold properties are generally held by the Charity for an average of 30 years. During the period of ownership, they are maintained by the Charity such that the overall difference between residual values and carrying value are not material and as a result no depreciation is provided on freehold property.

(g) Fixed asset investments

Quoted investments are held for their income generation and investment potential and are valued at market value at the reporting date. Any surplus or deficit arising is included in the Statement of Financial Activities. Investments in subsidiaries are measured at cost less impairment.

Mixed motive investments include concessionary loans. Loans are considered concessionary loans as they are made by the charity at below prevailing market interest rates and to further its purposes. Loans are initially measured at the amount paid, with the carrying amount adjusted subsequently to reflect repayments and any interest receivable. Where any loan made is considered to be irrecoverable an impairment loss is recognised.

(h) Debtors

Prepayments and other debtors are recognised at the settlement amount due. Debtors are measured at their recoverable amount.

(i) Cash at bank and in hand

Cash at bank and in hand includes notice deposits and short-term deposits.

(i) Creditors

Creditors are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Accruals and other creditors are recognised at their settlement amount due.

Loans are considered concessionary loans received as they are made to the charity to further its purposes and any interest charged is below the prevailing market rates.

Interest free loans represent contributions received towards the cost of properties which are to be repaid when the tenancy is terminated. These are shown as current liabilities as dates of repayment cannot be determined.

(k) Financial instruments

The Charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

(I) Employee benefits

- Short term benefits: The Charity recognises an accrual for accumulated annual leave accrued by employees as a result of services rendered in the current period which employees can carry forward and use within the next year. The accrual is measured at the salary cost of the respective employee in relation to the period of absence.
- Defined benefit pension plan: The Charity is not a direct member of a defined benefit pension plan, as its staff are employees of the Baptist Union of Great Britain (BUGB) and it reimburses BUGB for their costs of employment, including their pension costs. BUGB is a participating employer in the Baptist Union Staff Pension Scheme (BUSPS) which is a multi-employer defined benefit scheme. BUGB pays deficit contributions in respect of the Recovery Plan of the deficit in the BUSPS and the Charity makes a contribution towards these costs in respect of the share relating to the staff who worked for the Charity. As this arrangement is informal, no liability has been recorded within the accounts of the Charity but the payments are recognised as expenses when paid.
- iii. Defined contribution pension plans: The Charity is not a direct member of a defined contribution pension plan, as its staff are employees of the Baptist Union of Great Britain (BUGB) and it reimburses BUGB for their costs of employment, including their pension costs. BUGB is a participating employer in the Baptist Pension Scheme which is a multi-employer defined contribution scheme. A defined contribution plan is a pension plan under which the employer pays fixed contributions into a separate entity. Once the contributions have been paid the employer has no further payment obligations.

The contributions are recognised as an expense when they are due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the employer in an independently administered fund.

Charity Number: 1177649

(m) Taxation

The Charity is not assessable to taxation.

(n) Judgement and Key Sources of Estimations Uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

- (a) Judgements in applying the entity's accounting policies
 - The trustees estimate the residual value of freehold property at the end of its expected useful life in order to determine the depreciation charge. Based on these estimates no depreciation is charged on freehold property as any charge would be immaterial.
- (b) Accounting estimates and assumptions
 Useful economic lives of tangible assets: The annual depreciation charge of tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets. See note 9 for the carrying amount of the fixed assets and note 1(f) for the useful economic lives for each class of assets.

Charity Number: 1177649

2. DONATIONS AND LEGACIES

	Unrestricted Funds	Designated Funds	2022	2021	
	£	£	£	£

	£ 9,000 2,227,313 20,107 1,991,778 2,300

Interest free loans represent contributions received towards the cost of properties which are to be repaid when the tenancy is terminated. These are shown as current liabilities as dates of repayment cannot be determined.

The BUC loan is a working capital loan facility. Interest is payable at their standard variable rate. There are no set repayments, but the Charity can make lump sum repayments when cash flow permits.

15. CREDITORS DUE AFTER MORE THAN ONE YEAR

	2021	2020
BUC Family Solution Loan	20,000,000	20,000,000
Total Provisions for Liabilities	20,000,000	20,000,000

The BUC Family Solution Loan was provided to RBMHO as part of the Baptist Family Solution to the deficit in the Baptist Pension Scheme. Interest is payable at the BUC standard variable rate. There are no set repayments, but the Charity can make lump sum repayments when cash flow permits. The loan is only repayable with at least 13 months' notice, so is classified as a non-current liability.

Charity Number: 1177649

18. PENSIONS

As per note 8, the Charity's employees are employed by the Baptist Union of Great Britain (BUGB) and their associated costs are then recharged to the Charity. The Charity is therefore not a direct participating employer within any pension scheme.

From January 2012, pension provision for members of staff is being made by BUGB through the Defined Contribution (DC) Plan within the BPS. In general, members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts, which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provides income protection for BPS members in the event that they are unable to work due to long-term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Unum Limited. Members of the Basic Section of BPS pay reduced contributions of 5% of Pensionable Income, and their employers also pay a total of 5%. These costs are paid by BUGB as the employer and the costs are re-charged to the Charity.

Benefits in respect of service prior to 1 January 2012 were provided through the Defined Benefit (DB) Plan within the Baptist Union Staff Pension scheme (BUSPS). A contract was signed with Aviva Plc in June 2018 to take on the liabilities of the BUSPS to its beneficiaries and a wind up of the BUSPS was formally triggered on 31st August 2018 and completed on 18th September 2019.

The total pension costs for the Charity for 2022 were £4,213 (2021: £5,309).

19. RELATED PARTY TRANSACTIONS

The Baptist Union of Great Britain is considered to be the ultimate controlling party of the Charity. During the year ended 31 December 2022, two Trustees, the Revd P J Wortley and Mrs A Kapolyo, occupied, on the same terms and conditions as the other tenants of the Charity, a property owned by the Charity. During the year ended 31 December 2022, Revd Wortley and Mrs Kapolyo each paid rent at the average rate for all tenants amounting to £2,310 (2021: £2,227) and there were no arrears of rent at that date. The Manager of the Charity (until 31 December 2022) occupied a property owned by the Charity on the basis of a full commercial rent.
