

## Project Violet Requests for Change – R01

Short title	<b>Invitation to Colleges to review their admissions processes</b>
Identifying number	R01
Request for action by	Colleges
Text of request	<p>The journey from a call to ministry being discerned and affirmed to engaging with an appropriate training pathway as an MiT can contain hurdles which can lead women to drop out. (Note the <a href="#">Statistics</a> on the PV website that show fewer women than men entering training.)</p> <p>Helen Stokley’s research identifies a number of issues which she is exploring and she invites other colleges to join her in reviewing the way in which admission to training happens. The aim is to reduce drop-out throughout the pathway into training.</p> <p>This is not straightforward as colleges have different arrangements for degree validation, and collaboration with Associations will no doubt be needed.</p> <p>There is an opportunity at the September 2024 Colleges’ Conference to agree a remit for this work.</p> <p>The request for change is: That the Colleges agree a remit from which their admissions processes can be reviewed.</p>
